Huisman Adviseurs are a member of GMNI, an international association of accounting advisers in over 50 countries

Giving you, our clients, access to global resources with local knowledge.

GMNI member firms are located across the world – in Africa, Asia Pacific (including the Middle East), Europe, North America and South America – and are independently owned and managed. Independent but, working together for more than 40 years, they share a commitment to service the needs of their clients worldwide.

Because Huisman Adviseurs is part of a global team you can benefit from a real alternative to the “Big Four” accounting firms without the high costs associated with dealing with international businesses. As your business needs become increasingly complex and more internationally focused, we can offer you a combination of global resources and local market knowledge. You will have access to an in-depth understanding by proven professionals and experts worldwide.

You can:

- Establish an overseas subsidiary or branch;
- Obtain tax and general business knowledge from experienced professionals worldwide;
- Obtain advice on cross-border mergers and acquisitions;
- Gather critical business information;
- Evaluate business opportunities in foreign markets;
- Identify potential business partners worldwide;
- Eliminate barriers of language and commercial customs.

You can enjoy the personal attention of a legally independent accounting firm with local knowledge but from a global perspective. As a client of **Huisman Adviseurs** you can gain from seamless support globally.
